- Administrative

- [] Delegation of Authority

ACTION REQUIRED: None - Information only

The Chief of Station, [] is hereby granted the authority to make or approve the following to assigned and purchased properties, including [] constructed structures and facilities on assigned or purchased lands:

a. Necessary repairs, maintenance, and utilities.
(A description of any single projected repair job estimated to cost in excess of [] should be forwarded to headquarters for technical review and guidance).

b. Necessary alterations and new construction at a cost not to exceed [] for a single project (which must be complete and useable for the intended purpose); provided, however, that this authority will not be exercised for construction, or increasing the size or quality of, living quarters, or for installing air conditioning and ventilating equipment and other regulated items as defined in []
